COIT20248 - ISAD

Q5: (Optional) If you have any other compliments, constructive feedback or comments, please let us know here:

Good
This lecture is quite boring and hard to understand if you don't have any background knowledge, and the document has not been updated with new information
Chetanpal Singh professor gave the best explanation of every tutorial and helped in solving every query
Dr Chetanpal Singh has been an excellent tutor throughout the term. His explanations were always clear and detailed, and he consistently made complex topics more understandable with practical examples. He was approachable and responsive to student queries, both during class and through online platforms, which created a supportive learning environment. I also appreciated his structured teaching style and the way he encouraged critical thinking. His passion for the subject was evident and helped keep students engaged. Overall, Dr Singh contributed significantly to my learning experience, and I'm grateful for his guidance and dedication.
The professor has delivered the Systems Analysis and Design subject in a clear, engaging, and well-structured way. They explain complex concepts with practical examples, making it easier to understand. The interactive teaching style and real-world case studies greatly enhance learning and help connect theory to practice. Thank you
Need more clearly
I really appreciate the effort and support provided throughout this course. The explanations were always clear and easy to understand, and the learning resources were well-structured and helpful. The activities encouraged participation and made the sessions engaging. Overall, it has been a very positive learning experience. Thank you for the guidance and continuous encouragement.
Please more interactive in the class, remember students who are active or not
I would like to thank Mr. Chetan Pal Singh for his excellent teaching in COIT-20248 Information System Analysis and Design. His lectures were always clear, well-structured, and easy to follow, which made complex concepts much more understandable. He explained theories with practical examples, connecting them to real-world scenarios, which helped in developing both knowledge and application skills. Mr. Singh was always approachable and supportive, encouraging questions and discussions in class. His timely feedback on assessments and willingness to provide guidance ensured that students stayed on track. He also created an engaging and positive learning environment that motivated us to participate and learn actively. Overall, his teaching style, dedication, and commitment to student learning made the subject both enjoyable and highly valuable. I truly appreciate his efforts and the knowledge I have gained through his guidance.
Dr Chetanpal Singh has been the most supportive and very helpful tutors; he has trained me in understanding the subject and made me keen in learning this subject. Thank you for his support.
The teacher explains topics clearly and makes the subject easier to understand.
The tutorials were very clear and engaging, with strong explanations of the content and effective student interaction. This approach added real value to the learning experience and provided consistent support. In contrast, the lectures did not feel as structured or focused on delivering the material in a meaningful way. Time was often spent on questions about lecture length rather than ensuring the content was presented clearly. I hope this feedback is taken into serious consideration to improve the delivery of this unit in future terms.
